

KARPAS 299 Lymphoma Cell Line

Human Non-Hodgkin's Ki-positive Large Cell Lymphoma cell lines

KARPAS 299 Human Non-Hodgkin's Ki-positive Large Cell Lymphoma cell line useful in oncology research, developed at the University of Cambridge.

Cambridge Enterprise Limited is the exclusive licensor for the Karpas cell line portfolio. We have partnered with ECACC (The European Collection of Cell Cultures; a Public Health England Culture Collection) to manage distribution of the majority of these cells on our behalf. Enquires to either organisation are welcomed.
